This clinic is designed to educate current and potential judges on the UHCA Handbook and the mechanics/nuances of judging a UHCA Challenge Event. Invited judges will observe demonstration riders negotiate a number of scenarios and will then hear our experienced panel of judges explain their scoring rationale. Extensive Q&A and discussion will allow participants to learn from other's experiences. Participation in this hands-on clinic is by invitation only. The clinic is free and includes all materials and lunch.

INVITATION ONLY

### AUDITORS WELCOME!

Auditors can follow along with their own scorecards, comparing their observations to our experts' and are encouraged to participate in designated auditor Q&A sessions.
